

# Computer Graphics Film Show

## Annual Free Public Event

(Joint meeting with ACM SIGGRAPH – Princeton Chapter and Princeton Media Communications Association)

It's time again to kick off our season of meetings with the annual graphics film show, featuring the latest and greatest computer animations direct from the ACM SIGGRAPH conference held this summer in Boston.

This year **Doug Dixon** and **Rebecca Mercuri** will emcee the event and share information gleaned from their visit to the conference. As an extra bonus, **Phil Sanders**, professor of Interactive Multimedia and Art at TCNJ and NYU, and a member of this year's SIGGRAPH Art Show jury, will introduce our show and provide an inside view of the 150+ artworks and installations exhibited.

The SIGGRAPH conference jury selected this year's films from a record 726 entries from 6 continents and 37 countries. The films to be shown range from professional commercial animations for television and movies to student work, and include scientific visualizations and highlights of current computer graphics research.

For returning attendees, this year's format is different, with no pre-meeting dinner, and expanded activities.

**Expanded Pre-Show Networking and Events:** starting at 7 PM:

- **Free Refreshments** – Coffee, soda, munchies
- **Door Prizes** – Popular give-away of a plethora of computer equipment, books, and supplies

Plus **NEW!**

- **Silent Auction** – Hot gear and materials to benefit the David Sarnoff Library, our kind host
- **Poster/Demo Sessions** – Informal exhibits of graphics work being done in our area, from academic / student to corporate / scientific. Interested in exhibiting? Please email [princetonacm@acm.org](mailto:princetonacm@acm.org)

Date: **Thursday, October 19, 2006.** Pre-show events and refreshments at 7:00 PM.  
**Meeting at 8:00 PM.** There is no pre-meeting dinner this month.  
Place: Sarnoff Corp., Routes 1 and 571, Princeton, NJ
