

**PRINCETON ACM / IEEE-CS CHAPTERS
FALL SEMINAR**

Ruby on Rails Tutorial

Saturday, November 8, 2008, 9:00 a.m. – 4:00 p.m.
Sarnoff Corporation Auditorium
Cost: \$120

Ruby is a dynamic programming language, and **Ruby on Rails** is a web development framework. Together, they are one of the most popular environments for producing web-based applications. You can create a simple Web application (a Web interface to a database) in minutes. You can enhance the application with other add-ons – add-ons for searching, for authentication, for credit-card processing, and for other common tasks.

This course presumes that you have used a structured programming language such as C or Visual Basic, but no prior knowledge of Ruby is required.

This is a “bring your own laptop” tutorial – all of the course materials and exercises will be on a USB memory stick (included in the registration fee).

Barry Burd is a professor of Computer Science and Mathematics at Drew University in Madison, New Jersey. He is the author of several books, including the textbook *Pascal by Example* (which is still in print!), the ever-popular *Java For Dummies*, and *Ruby on Rails For Dummies*.

ADVANCE REGISTRATION REQUIRED – fill out the registration form below.

<p>The registration fee includes the seminar course notes, lunch, and morning and afternoon coffee breaks.</p> <p>Please make check payable to: PRINCETON CHAPTER OF ACM</p> <p>Mail check and form to: Princeton Chapter of ACM Treasurer, P. O. Box 1324 Princeton, NJ 08542</p>	<p style="text-align: center;">PRINCETON CHAPTER OF ACM/IEEE COMPUTER SOCIETY FALL 2008 PROFESSIONAL DEVELOPMENT SEMINAR REGISTRATION FORM</p> <p>Name: _____</p> <p>Business Affiliation: _____</p> <p>Address: _____</p> <p>City, State, Zip: _____</p> <p>Telephone: () _____</p> <p>Check if address is: <input type="checkbox"/> Home <input type="checkbox"/> Business</p> <p><u>Seminar: Ruby on Rails Tutorial – November 8, 2008, 9am-4pm</u></p> <p>Total Fee Enclosed: _____ (\$120 per attendee)</p> <p>ADDITIONAL INFORMATION: Dennis Mancl (908) 582-7086, mancl@alcatel-lucent.com web page: http://www.acm.org/chapters/princetonacm</p>
